

Education entry support at a glance

Improving access to educational
institutions for families after moving in
from abroad

A project of the city Braunschweig in
cooperation with four foundations

- native speaker accompaniment and support of parents and their children in the registration process for daycare, school, establishment
- assistance in claiming discounts and benefits (eg. education and participation)
- assistance in the management of formalities
- accompaniment on demand for parents evenings and other parental discussions
- establishment of contacts for further help

Coordination, queries and registration
