

Who runs the courses and who looks after the children?

Usually the teachers have a migration background themselves.

The teachers absolve advanced vocational training in which their methodical and social competences are reinforced.

They are in close contact to existing networks and thematically related institutions.

The child minders are trained in the areas of pedagogics, methodology and didactics.

Language courses for adults

Improve your German – for adults

The Office for Questions of Migration (Büro für Migrationsfragen) as part of the Social Services of Braunschweig in cooperation with the Adult Education Centre (VHS) offers courses for language improvement in German for grown-up migrants.

The courses are low-level and practically orientated. Their aim is to learn German for everyday situations:

- How do I enquire about the price of a loaf of bread at the baker's?
- How do I ask for the bus to the main station?
- How do I open an account at the bank?
- How do I get an appointment at the doctor's?

Whom are the courses for?

- You have been living in Germany for a long time, but have not managed to attend a language course for some reason or other
- You cannot attend a language course because you look after your children
- You have just recently immigrated and want an introduction to German

Then our courses are just right for you!

What do the courses aim at?

- Improvement of language skills
