

Programme “CTC – Communities that Care”

Participation in a scientific survey at school

Dear Parents/Guardians,

The city of Braunschweig is conducting a scientific survey in the period from February to April 2022. Students from the 7th, 9th and 11th grades will be surveyed. Please fill out the consent form on the backside. Only then will participation be possible for your child.

What is “CTC”?

For several years now, the city of Braunschweig has been benefiting from the **"Communities that Care" programme (CTC)**. With the survey, we want to find out how children and youngsters are doing in the city of Braunschweig. What they like and where something can be improved. The survey considers four areas of life: school, friends, neighbourhood and family.

Through the results of the survey, we get to know, for example, in which part of town certain offers for the children and youth are missing. We want to support their growth and development in a safe and healthy manner and protect them against risks and dangers. That is why it is important that you support us in this endeavour.

How is the survey carried out?

Students take the survey together in class on the computer. It will last one school hour. Participation is voluntary. There are no disadvantages if your child does not participate or does not answer all the questions.

Information about CTC

www.braunschweig.de/ctc

Or

www.ctc-info.de

The survey is anonymous. Students do not write down their name, only the address. The computer converts it directly into the area, it is not saved.

No one can see which person submits which answers. We adhere to data protection and store the data on secure servers. Schools and teachers also cannot see the answers. An independent institute (German Institute for Artificial Intelligence in Berlin / Deutsches Institut für Künstliche Intelligenz) prepares the analysis of the data. Schools then receive the results as completely anonymous statistics.

The path to participation

Hard copy
1. Enter name and date
2. sign
3. Hand over the note to the class teacher or photograph/scan it and send it to the class teacher by email

via lserv
1. Fill in on computer + print out (or print out + fill in by hand)
2. sign*
3. Hand over the note to the class teacher or photograph/scan it and send it to the class teacher by email

*also possible digitally

After the survey, the consent form will be destroyed / deleted.
